TO THE TRADE:

This is the first issue of a grade-count list for this season. Do not dump this good list into the waste basket before you have scanned it thoroughly.

We make up combination carload shipments to St. Louis, Chicago, Cincinnati, and Rochester, saving you a lot of freight if your order reaches us in time.

We have cold storage facilities at each point where we can hold goods as late as you desire.

Orders booked in rotation as received.

CHASE NURSERY COMPANY
